

## **PSV Technician / Bus Mechanic / PCV Fitter**

Salary – starting from £40,000

Nu-Venture has an opening for a PSV engineer as part of our team based at our modern workshop in Mid-Kent. The role involves routine and preventative maintenance to our bus fleet along with vehicle fault diagnosis and repairs.

PSV /HGV industry experience is essential and the individual must be confident in fault finding and rectification of all types of faults and defects. A good knowledge of the DVSA “Categorisation of Defects” and other legislation/guidance is essential.

Duties include:

- Inspection, maintenance and repair of vehicles to ensure roadworthiness and reliability to meet and exceed DVSA standards.
- Rectification of vehicle defects reported by drivers.
- Preparing the fleet for service the next day.
- Diagnosing/repair of mechanical issues, including steering, suspension, and brake systems. Fuel and air systems, Transmission, and driveline. Engine, Adblue, Gearbox, Running gear replacements and repairs.
- Diagnosing/repair of electrical issues including ABS, EBS, and Multiplex CAN Systems.
- MOT preparation
- Maintaining health and safety standards, and working within company guidelines and safe working practices.
- Completion of job cards, maintenance records and associated paperwork to a good and timely standard, to meet legal requirements.

We are looking for:

- A team player with flexible attitude
- 5 years PSV/HGV experience or Level 2/3 NVQ/IRTEC Qualification
- Level 3 Motor Vehicle Mechanics City & Guilds/NVQ or equivalent.
- Previous experience as a qualified Fitter/Mechanic/Engineer
- Experience with bodywork also preferable.
- A PSV licence holder (training can be provided).

10am to 8pm Monday to Friday with a minimum of one Saturday a month. 20 days holiday, use of company van (depending on experience). Own tools required; however we supply specialist tools
